LED BY IWM

MONDAY 4 AUGUST MARKS THE CENTENARY OF THE OUTBREAK OF WORLD WAR ONE

An event that will be commemorated nationally, here in Bath & North East Somerset all are invited to come together in a shared act of remembrance.

The event includes locally written material from, and about, 1914-1918 read by members of our communities, telling the stories of the First World War through poetry, music, and prose. A short parade by local cadets will begin proceedings.

*"Fading away like the stars of the morning,
Losing their light in the glorious sun –
Thus would we pass from the earth and its toiling,
Only remembered by what we have done."*
