

LAST
CHANCE TO SEE

WORLD WAR ONE REMEMBERED EXHIBITION

Here was one funny character who in
your war - who was absolutely impossible. He
persisted in calling me "Dear". I told him
I would not do that. He said "but I can't
help it" he said - then I said "Well but do
against the rules". Then I'd break the number
my Regan - what are you to do with an
individual like that.
Well if you want to get this letter tomorrow
I'll write some more later on. Perhaps I'll have
some more interesting things to tell you after the new
enemy comes in.
An answer of my very best love to
you both - from
Kathleen
