

**BATH AND NORTH EAST SOMERSET - CORE STRATEGY
EXAMINATION**

SHLAA Sites – Somer Valley

At the hearing on 25th January 2012 there was insufficient time to hear all those who wanted to comment on the deliverability/developability of the sites in the SHLAA (CD4/H14) relied on by the council. I indicated that I would deal with the matter via an exchange of written statements.

Accordingly, those participants at the session who had intended to raise points orally have the opportunity to do so in writing by the end of **Friday 3rd February 2012**. In the first instance please send an electronic copy followed by two paper copies to the Programme Officer Chris Banks.

The timescale is short because participants should already have to hand whatever they were going to say. This is not an opportunity to submit lengthy detailed new material since such material should have been submitted in advance of the hearing.

Where participants have already submitted points in writing, this material does not need to be repeated.

The Council's response should be submitted by **Friday 17th February 2012**.

Thank You

Simon Emerson
Inspector
