Dear Mr. Banks

Core Strategy Examination in Public Evidence to be given by the Council

I understand that the inspector wishes to know what evidence he will expect to hear when we are called to the hearing in January, so this is to let you know that we intend in our evidence to submit comments regarding

1. some of the criteria used to establish the viability of settlements as either RA1 or RA2 with reference to Clutton – from which it will be evident that Clutton scarcely qualifies as an RA2 settlement
2. our concerns about the lack of clarity regarding the proposals for review of the Strategy, and in particular for the review of settlement classifications and
3. some concerns about the definition of the Green Belt in the vicinity of Clutton

We expect to need no more than 10 minutes, unless questioned or cross-examined.

Yours sincerely

Stephen Barran
Clerk
