For the attention of Mr Wride

Dear Sir

Footpaths off Lyncombe Vale Road, Bath

Further to my telephone conversation with Mr Wride on 17 May 1984, I enclose copies of correspondence relevant to the establishment of public rights of way off Lyncombe Vale Road. The two footpaths established are indicated on the attached plan and run through land in the ownership of the Paragon Educational Trust.

I would be obliged if you would add these paths to your plan showing public rights of way in the city. Also, please note that I have been asked to have the paths signposted where they leave Lyncombe Vale Road. In this respect I will supply two sign 'arms' to you and request that you carry out the necessary work on the ground. As discussed in our conversation, would you please supply an estimate of cost for this work. On receipt of this I will issue a works order to you.

Should any of the information, above or attached, be unclear to you, please contact me for further explanation.

Yours faithfully

PSG
