

**B&NES Council are proposing to change the Public Rights of Way network in
respect of Public Footpath BA27/27 (“the FP”) in Keynsham**

The general effect of the proposal is shown on the above plan.

The section of the FP commencing from grid reference ST 6683 6780 (point A on the plan) and continuing in a generally east-southeasterly direction for approximately 171 metres to grid reference ST 6698 6674 at point B would be stopped up, as shown on the plan by a continuous black line. The new line of the FP would commence from the same point and proceed in a generally east-southeasterly direction for approximately 190 metres to point B, via points C, D, E and F, as shown on the plan by a dashed black line.

These changes are proposed to enable development to be carried out and would be achieved by way of a diversion order made under section 257 of the Town and Country Planning Act 1990. The new footpath would be 2 metres in width. Works would be carried out during the development process to bring the new paths into a condition fit for public use.
