

Bath and North East Somerset Council Draft Core Strategy

REPRESENTATIONS BY RESPONDENT

Bath and North East Somerset Council - Draft Core Strategy - Representations by Respondent (Numbers 701 to 800)

Respondent Number: 701 Respondent: Lucinda Blurton

RepresentationReference: 701\1 S

Plan Reference: Policy DW1: District Wide Spatial Strategy

Representation I am pleased to write endorsing the Draft Core Strategy which now protects the Green Belt
(soundness): particularly a round Whitchurch. I find it Sound and Legal for the following reasons:

Page 20, Policy DW1, Para 3 - Using Brownfield sites as a priority for new housing is sound.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath within BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

Plan Reference: Policy RA1: Development in the Villages meeting the listed criteria

Representation Page 96, Policy RA1, Para 5.17 & 5.18 - I am pleased to see Whitchurch identified as a Focus Village with
(soundness): small scale development only.

Page 96, Policy RA1, Para 5.20 - This further enforces 5.18 as CP8 Green Belt protection must be considered with RA1 which will safeguard the area from any Urban Extension of Bristol.

Page 96, Policy RA1, Para 5.36 - It is encouraging to see that Agriculture and the land is now being seen as important.

Representation I am pleased to write endoresing the Draft Core Strategy which now protects the Green Belt
(soundness): particularlya round Whitchurch. I find it Sound and Legal for the following reasons:

Page 20, Policy DW1, Para 3 - Using Brownfield sites as a priority for new housing is sound.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath witin BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

Representation I am pleased to write endorsesing the Draft Core Strategy which now protects the Green Belt
(soundness): particularlya round Whitchurch. I find it Sound and Legal for the following reasons:

Page 20, Policy DW1, Para 3 - Using Brownfield sites as a priority for new housing is sound.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath witin BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

Representation (soundness): I am pleased to write endorsing the Draft Core Strategy which now protects the Green Belt particularly a round Whitchurch. I find it Sound and Legal for the following reasons:

Page 20, Policy DW1, Para 3 - Using Brownfield sites as a priority for new housing is sound.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath within BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

Representation I am pleased to write endoresing the Draft Core Strategy which now protects the Green Belt
(soundness): particularlya round Whitchurch. I find it Sound and Legal for the following reasons:

Page 20, Policy DW1, Para 3 - Using Brownfield sites as a priority for new housing is sound.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath witin BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

(soundness): particularly a round Whitchurch. I find it Sound and Legal for the following reasons:

Page 20, Policy DW1, Para 3 - Using Brownfield sites as a priority for new housing is sound.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath within BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

Page 20, Policy DW1, Para 4 - No strategic changes to the Green Belt Boundary of Bristol-Bath within BANES this protecting this precious land.

I am pleased that the new housing numbers identified by BANES can be met by utilizing brown field sites, empty properties, allocating small housing developments around identified villages within the County and using certain redundant agricultural buildings.

This is great progress from the previously massive housing developments being thrust on this Country and I hope your Draft Core Strategy is Adopted.

Representation (soundness): Page 96, Policy RA1, Para 5.17 & 5.18 - I am pleased to see Whitchurch identified as a Focus Village with small scale development only.

Page 96, Policy RA1, Para 5.20 - This further enforces 5.18 as CP8 Green Belt protection must be considered with RA1 which will safeguard the area from any Urban Extension of Bristol.

Page 96, Policy RA1, Para 5.36 - It is encouraging to see that Agriculture and the land is now being seen as important.
