**Chapter B9. General Development Sites**

**Modification: FM/B9/1A, B + C - Hayesfield School Playing Field**

<p><b>Ref:</b> 110/L28 /s</p> <p><b>Name:</b> Sport England (South West Region)</p> <p><b>Location:</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>The previous local plan modification (M/B9/30) did not specify the amount of playing field area that was to be retained if a new school was to be provided on this site. As a statutory consultee on planning applications affecting playing fields, Sport England were concerned that the school could loose out in terms of playing field area in the future, should any subsequent proposals for a new school be based on the minimum amount of space required by DfES – whilst meeting the local plans requirement that a 'grass playing field' be provided, it is likely that this would have resulted in a net loss in playing field area, which is contrary to our Playing Field Policy.</p> <p>We therefore support the removal of the St Martin's Garden Primary School site from Policy GDS.1/B18. Any future proposals for a replacement school can be considered in the light of other Local Plan Policies relating to open space / playing fields.</p>	<p>Yes</p>	<p>Support noted. The development requirements associated with this site require the retention of a grassed playing field. Regarding the wider impact on recreational open space the Local Plan proposal requires the provision of public access open space which meets the standards set out in the Council's Green Spaces Strategy.</p>	<p>No change.</p>
<p><b>Ref:</b> 586/L3 /s</p> <p><b>Name:</b> Avon and Somerset Constabulary</p> <p><b>Location:</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>As the Architectural Liaison officer within B&amp;NES I have no objections to the proposed changes.</p>	<p>Yes</p>	<p>Support noted.</p>	<p>No change.</p>

<i>Respondent Details</i>	<i>Summary of Comment</i>		<i>Duly Made Proposed Response</i>	<i>Change</i>
<p><b>Ref:</b> 727/L28 /s</p> <p><b>Name:</b> Bath / Wansdyke Residents Group</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS</p> <p><b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>In allowing the use of the Hayesfield site for mixed use I suggest that the council pays regard to the now much reduced area of land available. This reduced area sandwiched between two schools with increased highways safety problems indicates that the majority of the area should be allocated to housing. This will act as a buffer around the retail outlet and away from the two schools. The parking requirement for the retail outlet should be constrained so as to reduce the environmental impact on the adjacent schools and highways usage. The site should not be developed only as a retail outlet with flats above. There is still a problem of where the proposed community facility will be located.</p>	Yes	Support noted. The site will developed as a comprehensive mixed use scheme in accordance with the development requirements in Policy GDS.1/B18. A development brief will be prepared in order to provide detailed guidance and an implementation strategy for the site. The brief would be prepared in consultation and engagement with local communities and stakeholders, and the production of environmental and transport assessments.	No change.
<p><b>Ref:</b> 742/L19 /s</p> <p><b>Name:</b> Englishcombe Parish Council</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS</p> <p><b>Bath</b></p>	<p>Englishcombe Parish Council supports the deletion of St Martin's Garden Primary School from policies GDS.1/B18 and Policy S.3, and the associated amendments to the map on the grounds that there is no need to reserve land for convenience shopping in Odd Down since the south and south-west of Bath is already adequately provided with retail outlets including a substantial supermarket at Moorland Road and Local Shops and supermarkets at a number of locations.</p>	Yes	Support for the deletion of St Martin's Garden Primary School noted. However the policy still requires retail floorspace to meet local needs as part of a comprehensive mixed use scheme on the Hayesfield School Playing Field.	No change.
<p><b>Ref:</b> 1857/L2 /s</p> <p><b>Name:</b> Dennis B. Meakin</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS</p> <p><b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p>	Yes	Support noted.	No change.

<p><b>Ref:</b> 2437/L2 /s</p> <p><b>Name:</b> P.A. &amp; G.L. Bearcroft</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p>	Yes	Support noted.	No change.
<p><b>Ref:</b> 2813/L4 /s</p> <p><b>Name:</b> Y. Watts</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p>	Yes	Support noted.	No change.
<p><b>Ref:</b> 3626/L11 /s</p> <p><b>Name:</b> Helen Woodley</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>Support the Changes</p>	Yes	Support noted.	No change.
<p><b>Ref:</b> 3652/L8 /s</p> <p><b>Name:</b> Julia Evans</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul>	Yes	Support noted.	No change.

<i>Respondent Details</i>	<i>Summary of Comment</i>	<i>Duly Made Proposed Response</i>	<i>Change</i>	
	I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.			
<b>Ref:</b> 3680/L3 /s <b>Name:</b> Andrew Vinall <b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p>	Yes	Support noted.	No change.
<b>Ref:</b> 3700/L3 /s <b>Name:</b> Mary Frapwell <b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p>	Yes	Support noted.	No change.
<b>Ref:</b> 3709/L5 /s <b>Name:</b> A. R Ford <b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>Please, nothing on the Hayesfield site to cause even more traffic. It is bad now and will be worse when 3-ways(?) opens.</p>	Yes	Support noted. However the policy requires the preparation of Transport Impact Assessment. As a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.	No change.

<i>Respondent Details</i>	<i>Summary of Comment</i>	<i>Duly Made Proposed Response</i>		<i>Change</i>
<p><b>Ref:</b> 3711/L3 /s</p> <p><b>Name:</b> Timothy &amp; Hilary Sheppard</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>I'm one of the original representees and am pleased the modification has been proposed and hopefully will be implemented.</p>	Yes	Support noted.	No change.
<p><b>Ref:</b> 3715/L7 /s</p> <p><b>Name:</b> Brian &amp; Betty Cook</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>If the Hayesfield School headmistress needs cash that badly, I would suggest she sells the land to the building developer currently employed on St. Martins old playing field opposite. They have built an impressive housing complex which looks far more attractive than any supermarket could achieve, apart from the fact that housing is far more important than retail business.</p>	Yes	Support noted. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy. As a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.	No change.
<p><b>Ref:</b> 3718/L3 /s</p> <p><b>Name:</b> J Rundle</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p>	Yes	Support noted.	No change.

<p><b>Bath</b></p>	<ul style="list-style-type: none"> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>It is my recollection that a similar proposal to replace St. Martin's Garden School ( then known as Fosseyway School) with a supermarket was made about 25-30 years ago, and was howled down at an early stage. It is apparent from the utterances of some local politicians and reports in the Bath Chronicle that those in favour of the recent mad and sinister proposal consider the events since february to be only a 'temporary setback'. One senior local politician is quoted as saying " regardless of people's views on St.Martin's Garden, the local plan will become a legally binding document". Therefore I am convinced that it is essential that at the end of the current " consultation period" it will be officially and positively stated :- " St.Martins Garden Primary School site will always remain allocated for educational use". Otherwise Tesco and their supporters will be back soo for round 3.</p>

	traffic, etc.			
<b>Ref:</b> 3948/L39 /s <b>Name:</b> James Warren <b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b>	FMJB9/1A - I strongly support the amendment that leaves St Martin's Garden School out of this section of the plan. However, the words remaining after deleting all reference to St Martin's Garden School are in direct conflict with Government policy, and they should also be deleted. Specifically this change of use does not meet the criteria for "surplus to requirements" set out in PPG17. It is not sufficient just to establish that Hayesfield School has no use for it, it has to be established that this land is incapable of being used for recreation. Therefore PPG1 7 make this change unacceptable, and neither the council nor the inspector has the authority to ignore published Government guidance. The inspector's original recommendation should have been rejected outright; there is no legal justification for it, and no subsequent amendments of the wording can make it legal.	Yes	Support noted. The development requirements associated with this site require the retention of a grassed playing field. Regarding the wider impact on recreational open space the Local Plan proposal requires the provision of public access open space which meets the standards set out in the Council's Green Spaces Strategy.	No change.

<p><b>Ref:</b> 4587/L3 /s</p> <p><b>Name:</b> Penelope Symons</p> <p><b>Location</b> Hayesfield School PF/St Martins's Garden PS</p> <p><b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"</p> <ul style="list-style-type: none"> <li>o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18</li> <li>o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map</li> <li>o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3</li> </ul> <p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>To move the school would be horrendous waste of the millions so recently spent on it - especially considering bathnes' current budgetary restraints.</p> <p>It would disrupt vital continuity and security fro pupils at the Margaret Coates Unit at the school.</p> <p>The school functions well in its present grounds. A smaller site would "squash a quart into a pint pot". Children need space especially now that its not safe for them to play in the street or unsupervised in parks and with the prevalence of obesity and increasingly cramped homes and gardens.</p> <p>With St. Martins Gardens and the new Three ways School, plus St. Martins Hospital, along a narrow road, there's already a lot of traffic along Frome Road, much of it avoiding city centre and/or coming in from outlying villages. There is a lot of vulnerable people in the vicinity. A supermarket next door is unsuitable and would further increase traffic and introduces a threat to children's security.</p>	Yes	Support noted. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy. The policy does require the preparation of Transport Impact Assessment. As a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.	No change.

Definitely no supermarket traffic on the Hayesfield ground!  Frome road traffic already bad!</p>	Yes	Support noted. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy. The policy does require the preparation of Transport Impact Assessment. As a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.

<p><b>Ref:</b> 4980/L1</p> <p><b>Name:</b> PSE Consulting Limited</p> <p><b>Location</b> Hayesfield School PF/St Martins's</p>	<p>It is a stated aim of the Council to seek opportunities to improve the environment for learning and, in 2004 it was recommended by the Education, Youth, Culture &amp; Leisure Overview &amp; Scrutiny Panel that a review be undertaken to assess the numbers of children at St Martin's Garden Primary School and at St Philip's CE VC Primary School. The size of the existing school building exceeds government area guidelines for schools which is wasteful of finite school resources. The school site is also oversized and similarly wasteful. I oppose the deletion of the St Martin's</p>	Yes	Deleted for reasons set out in Council Report 29/3/07 . This does not prevent improvements being sought for the school. Although it is clear from Policy GDS.1/B18 that no loss of education function is being proposed, at its meeting on 29 March 2007 the Council resolved to accept the	No change.

<p>Garden PS <b>Bath</b></p>	<p>Garden Primary School site from the Plan. I say this because I support the improvement of educational and social facilities in the area in the interests of children, young people and their families, school staff and the local community. Only the development of the entire combined site will allow the creation of such facilities. Local concerns about traffic, the increasing power of supermarkets and so on should naturally be dealt with through the planning process but the wellbeing of local children should have primacy in planning for this area.</p>		<p>Inspector's recommendation relating to the allocation of the Hayesfield School Playing Field site for convenience retailing as part of a mixed use scheme but reject the inclusion of St Martin's Garden Primary School within the site.</p>	
<p><b>Ref:</b> 4982/L1 /s <b>Name:</b> David Dunkerley <b>Location</b> Hayesfield School PF/St Martins's Garden PS <b>Bath</b></p>	<p>I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. - 1 - this site cannot accommodate any more traffic
- 2 - losing green space for schools has gone too far already
- 3 - large sums of money have been spent on SMGPS already and to re-site it would be a complete waste of tax payers money
- 4 - I raised a certain sum of money towards the building of the new Margaret Coates Unit and it would be criminal to rip such a new building apart and to disregard of all those people who donated funds
- 5 - we do not require more retail development here - USE FULLERS EARTH SITE
- 6 - Leave the school site alone

<b>Ref:</b>	5036/L1	I think that the whole site should be removed from land allocated for retail development. Tesco is an unethical company that attempts to gain land by strength and the effect on local shops in Combe Down and Odd Down would be disastrous. Children living in Odd Down need fields to run and play on freely. St Martin's Garden Primary School site should always remain allocated for educational use. The school has done a magnificent job with local children over many years - it is needed in Odd Down.	Yes	Justification for retail allocation was established for the Local Plan Inquiry and recommended by the Inspector. The Local Plan now proposes no change of use for the primary school. Support for the deletion of St Martin's Primary School from the allocation noted. Comments regarding the superstore do not relate to the further modifications to Policy GDS.1/B18. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy.	No change.

However the policy still requires retail floorspace to meet local needs as part of a comprehensive mixed use scheme on the Hayesfield School Playing Field. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy. The policy does require the preparation of Transport Impact Assessment. As	No change.

	<p>I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.</p> <p>Our children all attended Fosseway School (now SMGPS) and it was a happy school. It would be very sad for the area if it was used for a supermarket - which we do not need in this area. A supermarket would only add to the traffic congestion in the area.</p>		<p>a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.</p>

Martin's Garden Primary School from Policy S.3

I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.

**Ref:** 5084/L1 /s

**Name:** J Gregory

**Location** Hayesfield  
School PF/St  
Martins's  
Garden PS

**Bath**

I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"

- o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18
- o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map
- o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3

I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.

I also feel for the staff and pupils of the Margaret Coates School, they spent years in a prefabricated unit, at last they move into there own school, only to be told it could be demolished and for them to be on the move again. Very hard on the staff and the children.

Yes

Support noted.

No change.

**Ref:** 5085/L2 /s

**Name:** M Nash

**Location** Hayesfield  
School PF/St  
Martins's  
Garden PS

**Bath**

I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"

- o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18
- o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map
- o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3

I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.

Yes

Support noted.

No change.

**Ref:** 5086/L1 /s

**Ref:** 5112/L1 /s  
**Name:** H Beever  
**Location** Hayesfield School PF/St Martins's Garden PS  
**Bath**

I agree with the near 1500 representations, from the last consultation period, which objected to St. Martin's Garden Primary School being rezoned for mixed use development. I wish to support the following "further proposed modification"

- o FM/B9/1A - Policy GDS.1/B18: Hayesfield School Playing Field Deletion of St Martin's Garden Primary School from Policy GDS.1/18
- o FM/B9/1B - Policy GDS.1/B18: Hayesfield School Playing Field Exclusion of St Martin's Garden Primary School from the site boundary on the Proposals Map
- o FM/B5/1C – Policy S.3: Land allocated for Retail Development Deletion of St Martin's Garden Primary School from Policy S.3

I also suggest that the St Martin's Garden Primary School site always remains allocated for educational use.

The roundabouts, Midford Road and Wellsway, along with the adjacent roads carry a good deal of traffic. The safety and convenience of school children, their families and all pedestrians and drives should be of paramount importance when planning any retail development.

Yes

Support noted. However the policy requires the preparation of Transport Impact Assessment. As a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.

No change.

The outdoor facilities are ideal and should be untouched. Retail development should not happen as it will cause unnecessary congestion . An out of town Tesco near the Peasedown St John by pass would be better.</p>	Yes	Support noted. The development requirements associated with this site require the retention of a grassed playing field. Regarding the wider impact on recreational open space the Local Plan proposal requires the provision of public access open space which meets the standards set out in the Council's Green Spaces Strategy. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy. The policy requires the preparation of Transport Impact Assessment. As a result of the inadequate local provision, the area's convenience retail is currently being met in other parts of Bath and even outside of town. Local provision would help to reduce the need to travel.	No change.

I do not want to see over development on yet another green space - there is of course a large green space opposite the Royal Crescent - move your sainsburys there!</p>	Yes	Support noted. However it should also be noted that the Inspector did not specifically recommend the inclusion of a supermarket and there is no requirement for one in the policy. The development requirements associated with this site require the retention of a grassed playing field. Regarding the wider impact on recreational open space the Local Plan proposal requires the provision of public access open space which meets the standards set out in the Council's Green Spaces Strategy.	No change.

<b>Ref:</b> 1830/L32 <b>Name:</b> Highways Agency <b>Location</b> SW Keynsham <b>Keynsham</b>	<p>With regard to the second Further Modification, the Highways Agency would like to express their interest in the future development of the site. In light of the strategic nature of the site, the Agency is keen to be involved at the earliest opportunity due to the potential impacts on the A4 trunk road. The Agency wishes to ensure that the proposals meet sustainable transport objectives and will not have a detrimental impact on the A4, in particular the potential risk of increasing commuting from the town to and from Bath and Bristol.</p> <p>In regard to future development, proposals must be able to demonstrate the provision of a comprehensive transport assessment, accompanying travel plans and an appropriate mix of development that they would not have a detrimental impact on the capacity and function of the trunk road network and that they are supported by the provision of alternative modes of transport to the car.</p>	Yes	<p>Comments noted. A Masterplan will be prepared to guide the comprehensive development of the site which will be subject to public consultation. Any developer will be required to comply with the 17 development requirements stipulated in the Local Plan (Site GDS.1/K2). The development requirements reflect the need to integrate with the existing urban fabric as well as mitigate the impact of the development.</p> <p>A traffic Study was undertaken for the Council prior to the original allocation of land for housing at South West Keynsham in 2002. This examined the likely impact of development on the road network between the sites and the A4 and A37, and it was demonstrated that with reasonable mitigation works development could be accommodated satisfactorily. In preparation for the proposed reinstatement of this allocation the original study has been updated and its conclusion confirmed. Details of the necessary mitigation works will be included in detailed Transport Assessment which will have to accompany any future planning applications.</p>	No change.
<b>Ref:</b> 3626/L12 /s <b>Name:</b> Helen Woodley <b>Location</b> SW Keynsham <b>Keynsham</b>	Support the Changes	Yes	Support noted.	No change.
<b>Ref:</b> 3948/L43 <b>Name:</b> James Warren <b>Location</b> SW Keynsham <b>Keynsham</b>	<p>FMIB9/2 — I strongly object to the use of this land for dwellings and business use because it is currently Green Belt land. Green Belt land is provided with statutory protection and the legislation provides strict controls on when development is permitted on Green Belt land. PPG2 clarifies the statutory protection. "The essential characteristic of Green Belts is their permanence. Their protection must be maintained as far as can be seen ahead" and "Where existing local plans are being revised and updated, existing Green Belt boundaries should not be changed" are direct quotes from this document. This section of the plan justifies the change of the Green Belt boundary for the erection of Affordable Housing. Yet PPG3, dated March 1992 clarifies the conflict between affordable housing targets and Green Belt: "This guidance does not alter the general presumption against inappropriate development in the Green Belts. Green Belt policy remains as set out in Planning Policy Guidance 2". Thus the proposed wording in the Local Plan is unlawful. No masterplan or housing target can legally remove the protection offered by the Act of Parliament; and the Secretary of State can rule on whether a development is appropriate or inappropriate only when considering specific planning application. I do not object to the additional pedestrian and cycle links in Policy GDS.1/K2, but without the housing and industrial units, they would have a limited value, and I</p>	Yes	<p>The objection raises no issues not already considered during the earlier modifications process and the Local Plan Inquiry.</p> <p>The Inspector considered the issues of housing supply in detail at the Local Plan Inquiry and recommended that the Council should reinvestigate this site in order to the meet the identified shortfall in housing in the District. The identification of sites reflects the locational sequence established in the Structure Plan: that is first Bath, then Keynsham, then Norton-Radstock and then the larger villages. Account has already been taken of the Brownfield site redevelopment opportunities. In light of the Government's priority on deliverability, the Inspector has emphasized that the sites should be both suitable for development and able to</p>	No change.

suggest that these are dropped too.

deliver housing by 2011. These options have been investigated taking into account the inspector's reasoning and recommendations, site constraints, the local plan strategy, corporate objectives, sustainability criteria and national planning advice, demand for alternative uses etc.

The Inspector has assessed the various sites being put forward by objectors in and around Keynsham and recommended the land at South West Keynsham (SWK) should be investigated for re-allocation as mixed use scheme for up to 700 dwellings. This site was previously allocated in the 2002 version of the Local Plan for a mixed use including 500 dwellings but was deleted when it was considered that there were sufficient alternative brownfield sites to meet the housing requirement. In light of the housing shortfall, it is proposed that this allocation is re-instated. The site will be required even if more rapid progress is made on the Bath Western Riverside site in the Plan period than anticipated and housing completions are at the higher end of the 450 – 600 range by 2011. The Inspector concluded that the provision of a substantial level of residential development through the release of a Green Belt site in Keynsham accords with Policy 16 of the JRSP and the site at South West Keynsham provides the location that best meets the criteria for the release of Green Belt land in the JRSP.

A Masterplan will be prepared to guide the comprehensive development of the site which will be subject to public consultation. Any developer will be required to comply with the 17 development requirements stipulated in the Local Plan (Site GDS.1/K2) which include improvements to Castle Primary School to meet the demand arising from the development; provision of a community meeting place, two convenience shops and a children's playing space on each of the two parts of the site. The Woodland Trust woodland will be protected. The development requirements reflect the need to integrate with the existing urban fabric as well as mitigate the impact of the development.

Whilst the allocation of SWK entails a change to the Green Belt, it provides the opportunity to develop a new residential community which exemplifies high quality of design and

			sustainable development principles. It complements the objectives of the emerging Keynsham Vision in supporting local services and supplying affordable housing.		
			However a further modification to the first site requirement under Policy GDS.1/K2 is proposed to make it clear that the site is allocated for up to 700 dwellings on the basis that the final capacity of the site will be decided as part of the comprehensive Masterplan. This is to ensure that a sustainable scheme is delivered.		
<b>Ref:</b>	4980/L2 /s	I support the development of 700 dwellings and consider that the Plan should specify this number rather than fall back on the 'up to' formulation. Keynsham is a town that needs certainty about its future and a large scale development taken as one piece is more likely to deliver the improvements to the infrastructure that are required. For example, the expansion and extension / rebuilding of Castle Primary School would be of major benefit to the local area and should be planned to take place at the beginning of a large development.	Yes	Support noted for the development of 700 dwellings. The modification clarifies that the final capacity of the site will be determined through the proposed comprehensive masterplan. The policy makes provision for improvements to Castle Primary School in order to meet the demands arising from the site. Issues relating to phasing would also be addressed as part of the masterplanning process.	No change.
<b>Name:</b>	PSE Consulting Limited				
<b>Location</b>	SW Keynsham <b>Keynsham</b>				
<b>Ref:</b>	5027/L1	These representations are submitted on behalf of the residents of Chewton Keynsham and with the support of Queen Charlton to the proposed change to proviso 1 of the emerging Local Plan Policy GDS.11K2 for South West Keynsham. Proviso 1 has been amended to read: "Up to 700 dwellings (about 500 delivered in the Plan period) with the final capacity to be decided by a comprehensive masterplan approach." The objections on behalf of residents of neighbouring villages relate, not to the specific wording itself which is broadly supported as an amendment to the post Local Plan Inquiry version of the Policy, but to the fact that the amendment does not go far enough to address their consistently stated concerns. The objection is considered to be a valid objection to the proposed amendment on the grounds that the amendment as drafted constitutes a policy omission. The case for the representations encompasses three broad principals: • Resources • Procedures, and • Public involvement. 1. Resources Although the amendment refers to the requirement for a "comprehensive masterplan approach", there should be a reference to the need for a Supplementary Planning Document (SPD) Masterplan, as is required for the Council's other major development area, specifically Bath Western Riverside. The Council's Local Development Scheme for the period 2007—2010 at paragraph 3.4 refers to the need for a Masterplan SPD for Bath Western Riverside. The Schedule of Documents explains that its role and content is to: 'provide detailed planning guidance to facilitate comprehensive development' South West Keynsham is an equally major development site, so that if it is considered that a SPD is required to facilitate the development of Bath Western	Yes	Resources It is not considered that a formal SPD is required for the site. Unlike BWR, which is in multiple ownerships, has brownfield related implementation problems and needs careful apportionment of costs, SWK is almost entirely a greenfield site in 2 ownerships. In cases such as these, the Council seeks their implementation via the Masterplan approach e.g. Bath University, RUH.  Procedures and public involvement Whilst these concerns about involvement in the Inquiry are acknowledged, everyone had the opportunity to be involved in the Inquiry. Whilst encouraged by Government procedure following the deletion of the scheme, withdrawal of objections was discretionary. More importantly, the principle of the development of the site and the implications of this were discussed in detail at the Inquiry. It is not considered that anyone was prejudiced by the Local Plan process.  This part of the Local Plan process occasionally gives rise to these types of concerns at this stage which is not unusual. Moreover the Council has modified the policy to include the	No change.
<b>Name:</b>	Residents of Chewton Keynsham				
<b>Location</b>	SW Keynsham <b>Keynsham</b>				

Riverside, then the same approach should be adopted for the promotion of the development of South West Keynsham.

The omission of South West Keynsham from the original 2004 LDS is understood, on the grounds that it was not then a Local Plan policy commitment. The combined factors however, that it is now a commitment and that the Council have undertaken to review and update the LDS on an annual basis, means that there is no reason why the 2007 LDS should not have provided for a SPD for South West Keynsham. These representations, in the absence of any other forum to raise the issue, therefore seek an amendment both to proviso 1 and to the LDS to include the wording:

“With the final capacity to be decided by a comprehensive Masterplan to be prepared through a Supplementary Planning Document.”

#### 2. Procedure

As has been stated in previous representations, because South West Keynsham was removed as a Council policy commitment prior to the publication of the Revised Deposit Draft version of the Local Plan, the residents of Chewton Keynsham were not a party to the Local Plan Inquiry. On behalf of the residents I re-state objections previously made that, as a result, this allocation has not been subject to satisfactory public scrutiny since it has not been aired at the Local Plan Inquiry and local people have not had the opportunity to have their say. This is irrespective of any comments which may have been made by the Local Plan Inquiry Inspector in justifying the re-incorporation of this Deposit Draft Local Plan proposal. The Council Officers and Members are no doubt aware that it is they, not the Inspector, who will ultimately be held to account as to whether statutory Local Plan procedures have been followed in reaching their decision to date not to re-open the Local Plan Inquiry on this issue.

#### 3. Public Involvement

Irrespective of the legal technicalities, it had been anticipated that the Council would have wanted to give local residents every opportunity to be constructively involved in bringing forward this major development site, particularly given its potential impact in many respects, on the surrounding villages.

Chewton Keynsham and Queen Chariton are particularly concerned about the lack of obligation on the developers to carry out public consultation from the outset of the project, partly because their efforts to date to become involved have not been taken up by the developers, either the Council as landowners or Taylor Woodrow as the promoters of the development of the balance of the land. The villages have expressed their desire to be involved constructively from the outset, rather than being forced into the position of becoming objectors when presented with a prepared Masterplan which pays no regard to the villages' concerns, perhaps because the developers have not been aware of them.

If the developers are not prepared to respond to the villages' request to be involved, then it would appear to be all the more essential that the Local Plan policy is drafted in terms which obligates them to do so. Hence the strong feelings which the residents hold regarding the need for the policy amendment.

Policy GDS.1/K2 should have encapsulated the requirement for public involvement within the terms of the policy itself. The policy is however silent, and hence it remains as a policy omission.

Specifically this objection, on the grounds of a policy omission, is to the failure to include the further proviso as follows:

X. The comprehensive Masterplan and Supplementary Planning Document are to be prepared in accordance with procedures set out in the Statement of Community

need for a Masterplan to ensure opportunity for public involvement in the detailed nature and implementation of the scheme.

Involvement regarding the requirements to involve parties potentially affected by the development proposals, at all stages in the preparation of the development proposal."

It should be noted that efforts have been made, not just to contact the developers directly, but also the Planning Officers, Policy and Development Control, and the Local Ward Members. Whilst all have expressed supportive sentiments, in reality to date none have offered any practical mechanism whereby the local residents can become involved. Given the tightness of the timetable now to achieve 500 completed dwellings within 3 years, this is considered to be a wholly unsatisfactory position, which Officers and Members are strongly urged to rectify as a matter of importance and priority, by further amending the policy as requested.

**Ref:** 2830/L4  
**Name:** D. Ferris  
**Location** SW Keynsham  
**Keynsham**

I object to the modification as:

1. It does not state the reason for the increase in the number of houses from 500 to 700;
2. It does not state the number of dwellings which has been calculated as the overall housing needs of Keynsham.

I would like the Plan amended to show:

1. The number of dwellings to be built on this site, to reflect the needs of Keynsham and not just as many as can be fitted in;
2. Also the final figure should take into account the new dwellings which have recently been built or are planned in Keynsham at the present time.

Examples of these "windfall" dwellings are:

The houses on both sides of Bristol Road at the bottom of St. Ladoc Road;  
 The flats built on the site of the Charlton Cinema;  
 The flats built on the Simply Carpets site and to be built on the Perfect Fit site;  
 The planned building by Somer Housing, which will substantially increase the number of dwellings in the Queens Road area.

Yes

Whilst the change in capacity from 500 to 700 dwellings for the site is not the subject of this consultation, the concerns about the capacity of the site are acknowledged. The policy makes it clear that the final capacity will be determined through a Masterplan and hence will be guided by design, not just "how many can be fitted". Preparation of the Masterplan will entail involvement of the local community.

The Local Plan makes it clear, as does the Inspector's reasoning for recommending allocation of the site, that SWK is not intended to meet the development needs only of Keynsham but also of the District. Via the Inquiry process, this was considered the most sustainable appropriate location for meeting the District's housing requirements.

The Inspector considered the issues of housing supply again in detail at the Local Plan Inquiry and recommended that the Council should reinvestigate this site in order to meet the identified shortfall in housing in the District. The identification of sites reflects the locational sequence established in the Structure Plan: that is first Bath, then Keynsham, then Norton-Radstock and then the larger villages. Account has already been taken of the Brownfield site redevelopment opportunities. In light of the Government's priority on deliverability, the Inspector has emphasized that the sites should be both suitable for development and able to deliver housing by 2011. These options have been investigated taking into account the inspector's reasoning and recommendations, site constraints, the local plan strategy, corporate objectives, sustainability criteria and national planning advice, demand for alternative uses

Close, development planned opposite Police Station etc.

Our proposed wording is:

"1. Up to 700 dwellings (about 500 delivered in the Plan period) with the final capacity to be decided by a comprehensive masterplan approach which takes into account the overall housing needs of Keynsham including current and planned housing yield through 'windfall' and other developments".

The changes in Policy point 1 affect the following other policy points which we would like to see amendments made to (i.e. "Up to 700 dwellings" and "final capacity to be decided by a comprehensive masterplan approach" requires the following clarification to enable masterplan process:

The Forum objects to point 3 ("Vehicular access from Charlton Road (Site A) and Park Road (Site B). A new pedestrian and cycle route to be provided along Parkhouse Lane. This will also serve as an emergency access") on the grounds that:

- there is insufficient protection given to the Woodland Trust area and Parkhouse Lane and
- policy point 3 attempts to deal with three separate issues which need to be clarified: vehicular access, new pedestrian/cycle access and emergency access

The Forum suggests that the proposal of linking a new pedestrian and cycle route along Parkhouse Lane with new emergency access is at odds with the environmental value and new pressures that will be placed on the woodland area. It also contradicts point 16 "Protection of the Woodland Trust woodland".

We suggest the wording is altered to:

"3.1 Vehicular access from Charlton Road (Site A) and Park Road (Site B) to serve as an emergency access, avoiding routes that cross, divide or isolate existing Woodland Trust area from open countryside.

3.2 A new pedestrian and cycle route to be provided along Parkhouse Lane towards open countryside."

The Forum objects to point 4 ("Pedestrian links to the adjoining Woodland Trust woodland and countryside and between sites A & B") on the grounds of insufficient protection to Woodland Trust area. We suggest strengthening the wording to include "Pedestrian links to the adjoining Woodland Trust woodland and countryside and between sites A & B. Pedestrian links to be agreed with Woodland Trust and must enhance environmental aspect of access and not encroach/reduce the wildlife function or environmental value of the woodland area".

been investigated taking into account the inspector's reasoning and recommendations, site constraints, the local plan strategy, corporate objectives, sustainability criteria and national planning advice, demand for alternative uses etc.

The Inspector has assessed the various sites being put forward by objectors in and around Keynsham and recommended the land at South West Keynsham (SWK) should be investigated for re-allocation as mixed use scheme for up to 700 dwellings. This site was previously allocated in the 2002 version of the Local Plan for a mixed use including 500 dwellings but was deleted when it was considered that there were sufficient alternative brownfield sites to meet the housing requirement. In light of the housing shortfall, it is proposed that this allocation is re-instated. The Inspector concluded that the provision of a substantial level of residential development through the release of a Green Belt site in Keynsham accords with Policy 16 of the JRSP and the site at South West Keynsham provides the location that best meets the criteria for the release of Green Belt land in the JRSP.

A Masterplan will be prepared to guide the comprehensive development of the site which will be subject to public consultation. Any developer will be required to comply with the 17 development requirements stipulated in the Local Plan (Site GDS.1/K2) which include improvements to Castle Primary School to meet the demand arising from the development; provision of a community meeting place, two convenience shops and a children's playing space on each of the two parts of the site. The Woodland Trust woodland will be protected. The development requirements reflect the need to integrate with the existing urban fabric as well as mitigate the impact of the development. This will also address the traffic and parking issues raised.

A traffic Study was undertaken for the Council prior to the original allocation of land for housing at South West Keynsham in 2002. This examined the likely impact of development on the road network between the sites and the A4 and A37, and it was demonstrated that with reasonable mitigation works development could be accommodated satisfactorily. In preparation for the proposed reinstatement of this allocation

This site was previously allocated in the 2002 version of the Local Plan for a mixed</p>	<p>No change.</p>

use including 500 dwellings but was deleted when it was considered that there were sufficient alternative brownfield sites to meet the housing requirement. In light of the housing shortfall, it is proposed that this allocation is re-instated. The Inspector concluded that the provision of a substantial level of residential development through the release of a Green Belt site in Keynsham accords with Policy 16 of the JRSP and the site at South West Keynsham provides the location that best meets the criteria for the release of Green Belt land in the JRSP.

A Masterplan will be prepared to guide the comprehensive development of the site which will be subject to public consultation. Any developer will be required to comply with the 17 development requirements stipulated in the Local Plan (Site GDS.1/K2) which include improvements to Castle Primary School to meet the demand arising from the development; provision of a community meeting place, two convenience shops and a children's playing space on each of the two parts of the site. The Woodland Trust woodland will be protected. The development requirements reflect the need to integrate with the existing urban fabric as well as mitigate the impact of the development. This will also address the traffic and parking issues raised.

A traffic Study was undertaken for the Council prior to the original allocation of land for housing at South West Keynsham in 2002. This examined the likely impact of development on the road network between the sites and the A4 and A37, and it was demonstrated that with reasonable mitigation works development could be accommodated satisfactorily. In preparation for the proposed reinstatement of this allocation the original study has been updated and its conclusion confirmed. Details of the necessary mitigation works will be included in detailed Transport Assessment which will have to accompany any future planning applications.

Whilst the allocation of SWK entails a change to the Green Belt, it provides the opportunity to develop a new residential community which exemplifies high quality of design and sustainable development principles. It complements the objectives of the emerging Keynsham Vision in supporting local services and supplying affordable housing.

Respondent Details	Summary of Comment	Duly Made Proposed Response	Change
<p><b>Ref:</b> 5196/L4</p> <p><b>Name:</b> N T G Miles</p> <p><b>Location</b> SW Keynsham <b>Keynsham</b></p>	<p>These representations are made in relation to proviso 1 of policy GDS.1/K2 for South West Keynsham.</p> <p>Procedure/Consultation We are very disappointed at the way in which this proposal has emerged in the local plan process.</p> <p>When the proposal for a substantial number of houses was first proposed some 4/5 years ago there was a massive local outcry, a public meeting attended by hundreds of people with very strong views expressed and the proposals were shelved at that point. After this level of local interest and objection, we would have expected any renewal of similar proposals to have been extremely well advertised by the Council.</p> <p>This latest proposal was inserted into the local plan half way through the local plan inquiry process and we have simply not been made aware that it has re-emerged. It is surely quite wrong that this proposal should have been put forward without being subject to the proper public inquiry process. If the residents of the nearby villages affected and the residents of the housing estates near the proposal site had been properly notified about this proposal, there would undoubtedly have been another massive outcry. As it is, hardly anyone is aware of what is being proposed.</p> <p>Since this land is owned by the Council - the Council should take even more care than it has in developments in which it does not have a financial interest to ensure that proper information is issued and the proper consultation processes are followed.</p> <p>Masterplan Not only have we as residents of Queen Charlton been unaware of the proposals for a 500-700 housing estate on the South West of Keynsham, we have not been involved, nor does it appear that there are proposals for us to be involved in the planning of this development. There will be substantial and damaging impacts from this development in a number of areas, the most important being traffic impact on our village and the possible visual impact of this huge development from the village and its surroundings.</p> <p>If, as is possible, traffic is encouraged to approach Bristol via Whitchurch rather than Keynsham, the obvious alternative route to the main road is through the village, as can be evidenced by current traffic flows, especially at peak times. The likely increase in the amount of traffic involved will completely destroy the current relative tranquillity of the village, will be dangerous and cause great damage to the fabric of the village. The village has no pavements, very little lighting and nothing to protect the grass verges. It should also be noted that the village does not want</p>	<p>Yes</p> <p>The Inspector considered the issues of housing supply in detail at the Local Plan Inquiry and recommended that the Council should reinvestigate this site in order to meet the identified shortfall in housing in the District. She assessed the various sites being put forward by objectors in and around Keynsham and recommended the land at South West Keynsham (SWK) should be investigated for re-allocation as mixed use scheme for up to 700 dwellings. This site was previously allocated in the 2002 version of the Local Plan for a mixed use including 500 dwellings but was deleted when it was considered that there were sufficient alternative brownfield sites to meet the housing requirement. In light of the housing shortfall, it is proposed that this allocation is reinstated. The site will be required even if more rapid progress is made than anticipated on other development sites in the district and housing completions are at the higher end of the 450 – 600 range by 2011.</p> <p>The Council considered the Inspector's recommendation relating to this site and resolved to propose modifications to the Local Plan in response. The proposed modifications were the subject of full public consultation in accordance with statutory requirements. The Council considered representations received on the proposed modifications and resolved, in response to issues raised, to make further modifications. These were duly consulted upon.</p> <p>A Masterplan will be prepared to guide the comprehensive development of the site which will be subject to public consultation. Any developer will be required to comply with the 17 development requirements stipulated in the Local Plan (Site GDS.1/K2). The Woodland Trust woodland will be protected. The development requirements reflect the need to integrate with</p>	<p>No change.</p>

extra lighting or pavements even if they were proposed as this would destroy the rural character currently valued by residents and visitors. The point is that the village is entirely unsuited to and unprotected against the volume of traffic threatened as a result of this development.

At the very least, villagers will demand the installation of a traffic management system that will ensure there is no through traffic through the village; traffic should be for access only.

We would ask for a Supplementary Planning Document Masterplan as is required for other major development areas such as Bath Western Riverside.

#### Public Involvement

We are very concerned about the lack of any express obligation on the developers to carry out public consultation from the outset of the project. We would hope and expect to be involved in the preparation of the Masterplan from the outset rather than being forced into the role of objectors to a prepared Masterplan which has not taken local villagers concerns into account.

We agree with and support the objection put forward by the residents of Chewton Keynsham in the following terms:

"This objection, on the grounds of a policy omission, is to the failure to include the further proviso as follows:

The comprehensive Masterplan and Supplementary Planning Document are to be prepared in accordance with procedures set out in the Statement of Community Involvement regarding the requirements to involve parties potentially affected by the development proposals, at all stages in the preparation of the development proposal."

the existing urban fabric as well as mitigate the impact of the development.

A traffic study was undertaken for the Council prior to the original allocation of land for housing at South West Keynsham in 2002. This examined the likely impact of development on the road network between the sites and the A4 and A37, and it was demonstrated that with reasonable mitigation works development could be accommodated satisfactorily. In preparation for the proposed reinstatement of this allocation the original study has been updated and its conclusion confirmed. Details of the necessary mitigation works will be included in detailed Transport Assessments which will have to accompany any future planning applications.

It is not considered that a Supplementary Planning Document is required for the site. Unlike sites in multiple ownership that have brownfield-related implementation issues and require careful apportionment of development costs, this site is largely a green field site and is in two ownerships. In such cases the Council considers that implementation via an approved Masterplan approach is sufficient.
