MoD Concept Statements Consultation

What is the most important to consultees?

MoD Ensleigh

| Area | Point | | Total |
|------------------------------|--------------|--|------------|
| Green Space & Ecology | EN4a | Respond sensitively to the Area of Outstanding Natural Beauty adjacent to the site | 58 |
| | EN4b | Maintain the green World Heritage Site skyline | 53 |
| | EN4c | Integrate green space, connecting existing and new recreation and natural areas | 33 |
| | EN4d | Retain existing and plant new trees | 49 |
| | Total | | 193 |
| Sustainable Development | EN5a | Maximise the opportunities to encourage green lifestyles | 34 |
| | EN5b | Design strategies to save energy costs and water and reduce waste | 37 |
| | EN5c | Innovative and exemplar sustainable homes (Code Level 5/6) | 20 |
| | EN5d | Site wide low carbon energy production infrastructure | 15 |
| | Total | | 106 |
| Community Facilities | EN6a | A new primary school | 25 |
| | EN6b | Increase potential development area to optimise support for community facilities and public transport | 21 |
| | EN6c | Up to 2000sqm (25,000 sqft) of office space and additional home based employment | 15 |
| | Total | | 61 |
| Heritage and Distinctiveness | EN7a | Have its own sense of place and character areas | 26 |
| | EN7b | Avoid adverse visual impacts on the World Heritage Site, Beckford's Tower and the AONB | 58 |
| | EN7c | Have a sensitive relationship with Lansdown Road set back behind landscape and walls | 49 |
| | EN7d | Facilitate possible expansion into potential sites to the north and west of the MOD site | 5 |
| | Total | | 138 |
| Homes and Communities | EN8a | A mix of dwelling types and sizes | 39 |
| | EN8b | 35% of "affordable housing" | 21 |
| | EN8c | Opportunities for Self Build Homes | 17 |
| | EN8d | Design homes to allow for home working | 23 |
| | Total | | 100 |
| Access and Movement | EN9a | Maximise use and support of existing bus services | 45 |
| | EN9b | Safe and accessible streets and cycling routes | 28 |
| | EN9c | Create new pedestrian linkages to the existing network of footpaths and Green Infrastructure provision | 33 |
| | EN9d | Design for 'shared space' streets | 14 |
| | Total | | 120 |

MoD Concept Statements Consultation

What is the most important to consultees?

MoD Foxhill

| Area | Point | | Total |
|------------------------------|--------------|--|------------|
| Green Space & Ecology | FH4a | A range of green space for people and wildlife on the site | 148 |
| | FH4b | Retained and new tree planting | 115 |
| | FH4c | Makes connections to existing local natural areas | 92 |
| | FH4d | New opportunities for wildlife habitats and ecology | 80 |
| | Total | | 435 |
| Sustainable Development | FH5a | Maximise the opportunities to encourage green lifestyles | 86 |
| | FH5b | Design strategies to save energy costs and water and reduce waste | 118 |
