It is a quiet safe area, easy safe walk into Bath city centre. Good access to canal for walking and cycling.

Representation ID Number: 2809 / 1

Open countryside near the city - avoidance of 'suburbia'

Representation ID Number: 2810 / 1

Its proximity to the city on one side and open spaces/countryside on the other side.

Representation ID Number: 2811 / 1

Quiet, largely residential area with easy access to city centre. Many families who are considerate of each other.
Outstanding school in close proximity.

That it forms the boundary between the city and the countryside of Bath.

Representation ID Number: 2828 / 1

This is a good area of Bath, close to the city centre and I enjoy good views south and north

Representation ID Number: 2829 / 1

Easy access (on foot/bus) to the centre of Bath - easy access to the motorway system without having to go through the centre of Bath. Close to wonderful 'green space'/ views.

Representation ID Number: 2831 / 1

its openness

Easy access into the city with pleasant views

The landscape and topography of the Bathwick slopes, canal and river corridor.

Representation ID Number: 2837 / 1

The unspoilt views, trees, greenery and nature, as well as the peace and quiet

Representation ID Number: 2840 / 1

Trees. Views across valley. Good site for low rise (2 storey max) housing. Potential for public access and enjoyment

Representation ID Number: 2864 / 3

The city and surrounding countryside is so easily accessible

Representation ID Number: 2871 / 1

It is quiet and relatively crime free - everyone is familiar and the houses and gardens will be kept and respectable

Representation ID Number: 2872 / 1

The fact that it is a quiet, respectable and sparsely populated part of Bath with an almost rural setting, with an award winning school and active local councillors.

Representation ID Number: 2874 / 1

Excellent access to city and countryside

Representation ID Number: 2900 / 1

Large open view valued by residents and also visitor attraction. A very well photographed view across the valley. Also very pleasant to see sheep in the field which is also used by a large number of local dog owners.

The view over the City

Easy access to the City, by foot, cycle, public transport or private transport.

Less pollution from vehicle fumes and artificial lights.

Relatively quiet and away from the City noise.

A real sense of community. A mixture of all ages.

Representation ID Number: 2915 / 1

A quiet relaxed neighbourhood within easy walking distance of the town centre.

Representation ID Number: 2916 / 1

The area is very close to the centre of the city but, with the meadowland (and sheep!) well maintained canal tow path, existence and care of mature trees - it has retained a peaceful/restful ambience. This gives people living in the area (and outside it) access and enjoyment of countryside and greenery whilst living close to all the city's amenities

The green

Representation ID Number: 2928 /

A wonderful ecologically rich and accessible area for the citizens of Bath to enjoy.

Representation ID Number: 2932 /

The distinctive character of the community: church, school and people; local facilities (shops, pubs and restaurants); open spaces (canal, Sydney Gardens, Henrietta Park, the Recreation Ground).

Representation ID Number: 2933 / 1

Sense of community - Bathwick St Mary Primary School being central to this, providing high quality education for local children.

Also access to 'green space' along the canal path and Sydney Gardens and cultural offerings of the Holburne Museum.

Representation ID Number: 2940 / 1

The setting. Easy access to the city centre, the canal and countryside. Relatively quiet area.

Representation ID Number: 2941 / 1

The proximity to both the centre of town and green areas such as Sydney Gardens and the Canal. I also, personally, value the low density of buildings and un-spoilt views across the city and countryside beyond. We also have a great deal of wildlife that visits our garden – foxes, badgers and hedgehogs, among others which I believe is as a direct result of the undeveloped natural areas near the canal. With the exception of some road noise (Warminster Road) it is also a very peaceful/quiet area.

Representation ID Number: 2950 / 3

Easy access to main roads to the North, South & East of Bath. Views over water meadows and up to Solsbury Hill. Walking access to Bath City centre. A nice neighbourhood. A unique opportunity to create a new contemporary place for modern living and working and set as an exemplar for sustainable and innovative homes.

Representation ID Number: 2954 /

The fact that it is close to the city but has fields very near it.

Representation ID Number: 2972 /

There is an excellent sense of community surrounding the school and the Bathwick estate. There is very easy access to the countryside along the canal which is a wonderful green corridor and a great amenity.

Representation ID Number: 2978 /

The Warminster Road is one of the dramatic entries to a splendid city. It gives views across the eastern part of the city. Rising steeply from the banks of the Avon and the Kennet & Avon canal, the location still connects with the open countryside; whilst leading directly to the urban area of Bath. It gives the lie to the idea that a city must have faceless suburbs

Quality homes, safety and community

Representation ID Number: 2980 /

I live on the south side of London Road with rear views to the Warminster Road and the green hillside of Bathampton Down. I have lived here for 30 years + and have seen how the MOD buildings have gradually blended into that view as trees and hedgerows have matured. The grazing sheep which really do bring the countryside into the city are an added bonus.
