Name of proposed Neighbourhood Area

Stowey Sutton

1. Introduction

1.1 Pursuant to the Bath & North East Somerset Council's My Neighbourhood: Neighbourhood Planning Protocol, the Director for Planning and Transport is authorised to consider area designation applications for Neighbourhood Planning and if appropriate approve applications.

2. Background

2.1 The power to designate a Neighbourhood Area is exercisable under section 61G of the Town and Country Planning Act 1990. Under Regulation 5(1) of The Neighbourhood Planning (General) Regulations 2012 (which came into force on 6 April 2012) an area application has to include a map which identifies the area to which the application relates, a statement explaining why this area is considered appropriate to be designated as a neighbourhood area and a statement that the body making the application is a relevant body for the purposes of section 61G(2) of the 1990 Act.

2.2 Stowey Sutton Parish Council is the 'relevant body' (for the purposes of section 61G (2) of the Town and Country Planning Act 1990) and submitted an application for the designation of Stowey Sutton Neighbourhood Area. The application is for the whole parish area to be designated as a Neighbourhood Area for the purposes of Neighbourhood Planning and so satisfies section 61G(3) of the Act. The submission of the application complied with the regulations.

3. Procedure

3.1 Under section 61H of the 1990 Act whenever a local planning authority exercises powers under section 61G to designate an area as a neighbourhood area, consideration must be given to whether the authority should designate the area concerned as a business area. The designation of the specified area can only occur if the authority considers that the area is wholly or predominately business in nature [Section 61H (3)].

3.2 If the application for the Designation of this Neighbourhood Area is approved, then Regulation 7(1) of the Neighbourhood Planning (General) Regulation 2012 requires the designation to be publicised. If the application is refused, reasons must be given under 61G(9) of the 1990 Act and Regulation 7(2) of the Regulations requires the decision to be publicised.

4. Consideration as to whether or not to designate

4.1 In determining the application for the designation as a Neighbourhood Area. Regard must be had to the desirability of designating the whole area.

4.2 The issue is whether or not the specified area is an 'appropriate area to be designated as a Neighbourhood Area'.

4.3 The fact that the designation of the Stowey Sutton Neighbourhood Area would allow a Neighbourhood Plan to be prepared does not form part of the determination of this application.

5. Reasoning for Designation

5.1 The proposed area for designation which includes the whole parish is considered appropriate, as it will enable a Neighbourhood Plan to allocate and identify non-strategic development sites across the plan area and to provide a locally distinctive policy framework to complement that provided by the emerging B&NES Core Strategy.

5.2 The specified area falls completely within the Council's area.

5.3 The application for designation as a Neighbourhood Area was publicised for over six weeks between 24th October and 5th December 2013.

5.4 Three responses were received within the consultation period and are attached as appendix 1.

6. Conclusion

6.1 It is considered that the specified area is coherent, consistent and appropriate in planning terms and is an 'appropriate area to be designated as a neighbourhood area'.

6.2 The specified area is not wholly or predominantly business in nature and so it is inappropriate to designate it as a business area.

6.3 It is also considered that it is not desirable that only part of the parish area be designated.

6.4 The specified area without modification should be designated as a Neighbourhood Area for the reasons set out in the application. The area represents the built area which is being planned for with the objective of identifying and allocating development sites within the identified neighbourhood area and is appropriate in planning terms.

6.6 A copy of this report will be sent to Stowey Sutton Parish Council.

7. DECISION

7.1 **The Designation of Stowey Sutton Neighbourhood Area is approved** in accordance with section 61G of the Town and Country Planning Act 1990 as amended for the purposes of Neighbourhood Planning.

to these can be found in the appendix to this letter.

Plan preparation also offers the opportunity to harness a community's interest in the historic environment by getting them to help add to the evidence base, perhaps by creating and or reviewing a local heritage list, inputting to the preparation of conservation area appraisals and undertaking or further deepening historic characterisation studies.

English Heritage has a statutory role in the development plan process and there is a duty on either you as the Local Planning Authority or the Neighbourhood Planning Forum to consult English Heritage on any Neighbourhood Plan where our interests are considered to be affected as well as a duty to consult us on all Neighbourhood Development Orders and Community Right to Build Orders.

English Heritage will target its limited resources efficiently. We will directly advise on proposals with the potential for major change to significant, nationally important heritage assets and their settings. Our local offices may also advise communities where they wish to engage directly with us, subject to local priorities and capacity.

English Heritage fully recognises that the neighbourhood planning process is a locally-led initiative and communities will shape their own neighbourhood plan as informed by the issues and opportunities they are most concerned about and relevant to the local area. As a national organisation we are able to draw upon our experiences of neighbourhood planning across the country and information on our website might be of initial assistance <http://www.english-heritage.org.uk/caring/get-involved/improving-your-neighbourhood/>. It is envisaged that the website will be progressively updated to share good practice in the management of the historic environment through neighbourhood planning.

	<p>Should you wish to discuss any points within this letter, or if there are issues about this Neighbourhood Plan Area where the historic environment is likely to be of particular interest, please do not hesitate to contact me.</p> <p>Yours faithfully David Stuart Historic Places Adviser</p>
Jacqui Ashman, Asset Manager	<p>Dear Sirs</p> <p>Thank you for consulting the Highways Agency on the application from Stowey Sutton Parish Council seeking designation as a Neighbourhood Area. Strategic Environmental Assessments, Habitats Regulations Assessment screening and Environmental Impact Assessments, where these are required. Your local planning authority will be able to advise you further on environmental requirements.

The following is offered as general advice which may be of use in the preparation of your plan.

Natural England, together with the Environment Agency, English Heritage and Forestry Commission has published joint advice on neighbourhood planning which sets out sources of environmental information and ideas on incorporating the environment into plans and development proposals. This is available at: <http://publications.environment-agency.gov.uk/PDF/GEHO0212BWAZ-E-E.pdf>

Local environmental record centres hold a range of information on the natural environment. A list of local records centre is available at: <http://www.nbn-nfbr.org.uk/nfbr.php>

Protected landscapes

If your neighbourhood planning area is within or adjacent to a National Park or Area of Outstanding Natural Beauty (AONB), we advise that you take account of the relevant National Park/AONB Management Plan for the area. For Areas of Outstanding Natural Beauty, you should seek the views of the AONB Partnership.

Protected species

You should consider whether your plan or proposal has any impacts on protected species. To help you do this, Natural England has produced standing advice to help understand the impact of particular developments on protected or Biodiversity Action Plan species should they be identified as an issue. The standing advice also sets out when, following receipt of survey information, you should undertake further consultation with Natural England.

Opportunities for enhancing the natural environment

Neighbourhood plans and proposals may

provide opportunities to enhance the character and local distinctiveness of the surrounding natural and built environment, use natural resources more sustainably and bring benefits for the local community, for example through green space provision and access to and contact with nature.

Opportunities to incorporate features into new build or retro fitted buildings which are beneficial to wildlife, such as the incorporation of roosting opportunities for bats or the installation of bird nest boxes should also be considered as part of any new development proposal.

If, as you develop your plan or order, you consider it will affect Natural England's interests, you should consult Natural England at consultations@naturalengland.org.uk.
