

Note Regarding Main Modifications to the submitted Placemaking Plan

I refer to the Council's Schedule of Rolling Changes (incorporating changes dated 28.11.16). I consider all the suggested changes are Main Modifications relevant to soundness with the following exceptions (listed in order of appearance):

Volume 1

New para 239a, p.101

Para 178, p.80

New para 239a, p.101

Paras 479-486, p.181

Policy ED1.B, p.182

Volume 2 - Bath

Contents

Volume 5 – Rural Areas

Policy SR5, point 9, p.27

Policy SR6, point 2, p.29

The Council may still, nevertheless, wish to consult upon these Minor Proposed Changes.

An amendment is required on page 26 – Policy B2, 4(d) – “d: Manage the **delivery** provision of around ...”

The Main Modification consultation should include the changes to the plans included in the Schedule.

I am satisfied that the Council's suggested wording is appropriate and I am not putting any additional ones forward.

It would assist me if the Council could, when numbering the Main Modifications, include changes to Policy and consequential changes to text as one modification.

I look forward to receipt of a timetable for the consultation.

The Council should consider whether further Sustainability Appraisal is required in relation to the Main Mods.
