Procurement & Commissioning Strategy

- Approved by Cabinet – September 2021
- Reflects the Corporate Strategy

- Wide-ranging actions – internal and external facing
- Reflects the National Procurement Policy Statement but note some actions require the implementation of the Procurement Bill that has been significantly delayed.

Strategy Themes

Procurement rules

Corporate priorities

Strategy Objectives

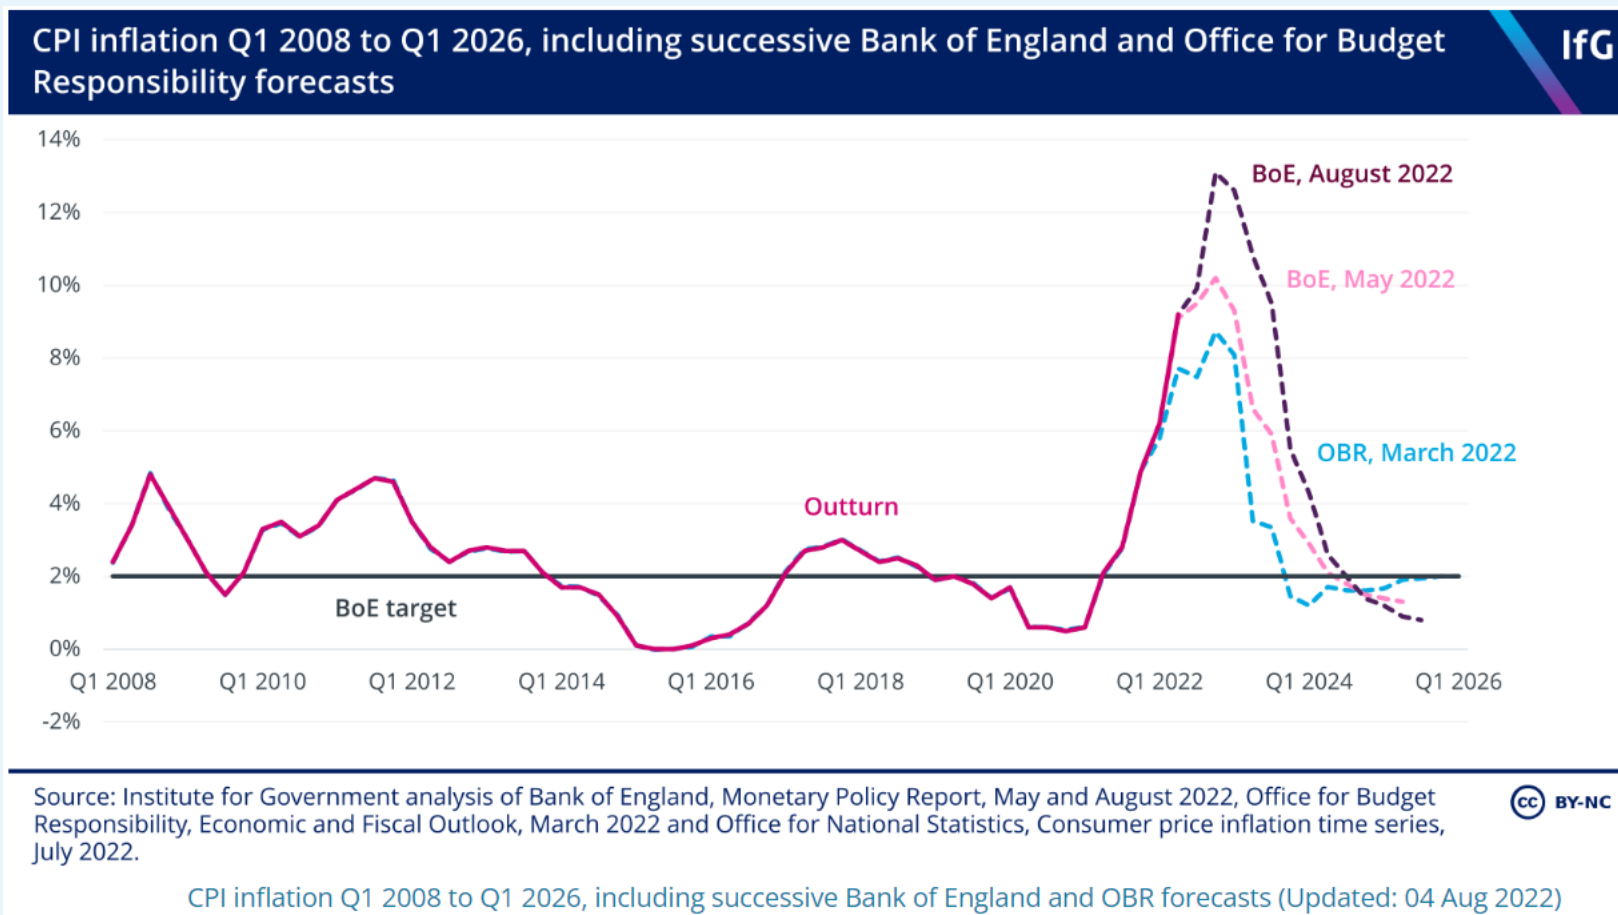

Consider the carbon footprint and sustainability impacts of all products and services bought by the Council over their lifetime

Consider suppliers' capability to address these impacts throughout the supply chain when awarding contracts

Encourage innovation by emphasising our needs and desired outcomes to allow suppliers to come up with the most cost effective and sustainable solutions

Encourage use of local suppliers to further reduce the Council's Carbon Footprint and to develop the local economy

Inflation and other Supply Chain Impacts
