

Chew Valley Reconnected Partnership Chair - Role Description

The Chew Valley Reconnected Partnership is established to provide coordination of a programme of projects that will better connect and improve wildlife, water and wellbeing, and address impacts of climate change in the Chew Valley.

The Chair is an ambassador for Chew Valley – able to represent the Partnership at a high level, make connections and spot opportunities to assist in developing and delivering the programme and securing its long term legacy.

The role requires a commitment to serve a 2 year term requiring approximately 1 day per month.

The Partnership Chair is a person who;

- has presence with good communication, energising skills.
- has a passion for the Chew Valley and is respected as an individual in a relevant area of interest – (e.g landscape/heritage/health and wellbeing) and able to influence others in the area.
- is aware of current issues within the Chew Valley.
- is non-partisan, an advocate, politically aware and diplomatic.
- is available to attend evening/weekend events if required.
- Is able to work with and support the Chew Valley Reconnected officers, having excellent interpersonal skills, flexibility and availability.
- is able to Chair meetings with diverse membership.
- feels comfortable leading a partnership.

This is a voluntary role. The Partnership can offer reasonable expenses for travel and subsistence.

CVR Partnership is currently recruiting for this position.

If interested, please submit an Expression of Interest of max of 500 words to green_infrastructure@bathnes.gov.uk by **5pm 30th September 2024**.

A panel of CVR Partnership will invite shortlisted candidates to attend a selection Panel meeting to be held early October 2024.
