

PUBLIC RIGHTS OF WAY CONSULTATION

Bath and North East Somerset Council have received an application to record a public bridleway on the Definitive Map and Statement, which is the legal record of public rights of way.

The route under investigation commences from a junction with Maynard Terrace in Clutton at grid reference ST 6321 5904 (point A) and proceeds in a generally east-southeasterly direction for approximately 720 metres to a junction with public footpath CL6/40 at grid reference ST 6397 5859 and turns in a generally northeasterly direction for approximately 83 metres to a junction with Greyfield Road in High Littleton at grid reference ST 6404 5864 (point G).

The application does not seek to create a new public right of way, but rather, it seeks to record a public right of way which the applicant believes already exist. This can be proven by using evidence from historical documents and/or by demonstrating that members of the public have used the route for more than 20 years '*as of right*' (i.e. without force, without secrecy and without permission) and without the landowner demonstrating a lack of intention to dedicate during that time.

If you have any evidence relating to the Application Route, or you have previously used the Application Route and would like to complete a User Evidence Form, please contact the Council's Public Rights of Way Team at prow@bathnes.gov.uk or on 01225 477650 no later than **21st June 2024**.
